Live large in this 4 bedroom, 4 bath house on 4.6 mostly-cleared acres. This lovely home is an easy 20-minute drive to downtown Asheville and includes an eat-in kitchen and family room, sunny vaulted playroom/living room, laundry and mudroom, and expansive decks and wraparound porch, all on the main floor. Upstairs you'll find new carpet, a master suite with brand new bathroom and walk-through closet, along with three additional bedrooms and another bathroom. Spend time downstairs in the media room, a full bathroom, and bonus room that could be additional living/guest quarters. Driveway includes an electric-vehicle charging station, and is designed to allow entry on the main level for easy access, or for parking in the two-car basement garage. This house also comes with privacy and views, but not the windy roads that are usually necessary to get you there, and is conveniently located near I-26 and quaint downtown Mars Hill. This home is a must-see!
